

Call for Papers for the 3rd Workshop in Applied Microeconomics 2024

The Association for Mentoring and Inclusion in Economics (AMIE) is now accepting submissions for the 3rd Workshop in Applied Microeconomics, to be held remotely on Zoom on April 26, 2024. We welcome papers that investigate topics in empirical microeconomics broadly defined.

The AMIE workshop provides a platform for Ph.D. students in economics/public policy/applied economics/agricultural economics to present their work and receive feedback on current research projects. AMIE welcomes students currently enrolled in a Ph.D. program in any country worldwide and from all backgrounds, especially those from underrepresented minorities (URM), LGBTQIA++ community, first-generation college, and international students.

Who can apply?

Ph.D. students in economics/public policy/applied economics/agricultural economics, who are actively working on their dissertation and have a complete research paper that would benefit from feedback from an economist in their field. Students on the job market in 2024-25 are also encouraged to apply.

How to apply?

Please send an email to research@econmentoring.org with:

- your **research paper (a complete draft)**,
- your most recent **CV**, and
- a **cover letter** (here you may provide information about any experiences you have had as a member of a group you identify with, and/or how you think you would benefit from the AMIE Workshop). *Please also include the name and contact information of your primary PhD advisor.*

The deadline for submissions is March 1, 2024.

Scientific Committee

Manuela Angelucci (*University of Texas at Austin*), Michele Baggio (*University of Connecticut*), Chloe East (*University of Colorado Denver*), Benjamin Feigenberg (*University of Illinois Chicago*), Willa Friedman (*University of Houston*), Santosh Kumar (*University of Notre Dame*), Mindy Marks (*Northeastern University*), Omer Ozak (*Southern Methodist University*), Ketki Seth (*University of Tennessee*), and Ruchi Singh (*University of Georgia*)

AMIE Co-directors

Priya Mukherjee (*University of Wisconsin-Madison*), Nishith Prakash (*Northeastern University*)

Additional information about AMIE

AMIE was founded to identify and address group-based disparities faced by PhD students in the economics profession. AMIE welcomes students from all backgrounds, especially those from underrepresented minorities (URM), LGBTQIA++ community, first-generation college, and international students. The core functions of AMIE include mentoring, providing equal access to opportunities, inclusion, and outreach, and organizing events to improve networking opportunities, professional development etc.
